ASSET MANAGEMENT

FRANCESCO SANDRINI

HEAD OF BALANCED, INCOME & REAL RETURN

Francesco Sandrini is Head of Balanced, Income and Real Return at Amundi Asset Management, he has extensive experience in cross asset investing.

Francesco oversees Balanced, Income and Real Return, investing primarily directly in stocks and bonds. The teams manage flagship funds such as Global Multi-Asset Conservative, Global Multi-Asset, Global Multi-Asset target Income and Real Assets Target Income besides retail and institutional solutions.

Francesco joined Amundi Asset Management (previously Pioneer Investments) in 1998. He moved to the Dublin office in 2001 and he led the Financial Engineering Team from 2002 to 2008 managing an excess of 10bn Euros in quantitative driven fixed income funds. In 2009, Francesco relocated to Munich, where he led the European Institutional Portfolio Management team with primary responsibility for Institutional Portfolios in Italy, Germany, Austria and Institutional Portfolio Managers in Ireland and the UK. In 2012, he became Head of Multi Asset Security solutions, managing an excess of 50bn Euros in flexible balanced, income and insurance solutions.

A graduate in Economics from Bologna University, Francesco holds a Masters Degree in Economics from Bocconi University of Milan (1998). In addition, he received a PhD in Banking and Finance from University College Dublin in 2009.
